CHOCOLATE MAKERS

ABOUT MIRZAM

Making chocolate from premium cocoa beans, inspired by UAE's Spice Route history.

We Make Real Chocolate

Mirzam makes chocolate with just three ingredients: cocoa beans, unrefined cane sugar and a small amount of cocoa butter.

Inspired By The Spice Route

Our single beans have been selected from plantations located along the maritime Spice Route that dhows sailed hundreds of years ago to gather valuable spices.

Artists Program

Every collection features a distinctive packaging created in collaboration with unique artists.
